2019 DESIGN INNOVATION OF THE YEAR AWARD LABELLING & DECORATION CATEGORY CRITERIA

DESIGN INNOVATION OF THE YEAR AWARD – LABELLING & DECORATION CATEGORY

The Design Innovation of the Year Award – Labelling and Decoration will recognise organisations that have designed innovative labelling and decoration for packaging across Food, Beverage, Health, Beauty & Wellness, Domestic & Household and emerging areas including Save Food Packaging Design and Sustainable Packaging Design. The Labelling & Decoration Category is a WorldStar Packaging Awards category.

The judges are looking for the addition of content to a pack which creates a unique or innovative appearance, function or communication. This may include labels, sleeves, self-adhesive, wet gum, in-mould flexible labels, flexowrap, embossing, adhesive embellishments, tags, coding/markings, etching, directly applied inks or by any other similar, or combination of printing processes.

It is recommended that the submissions showcase an innovative solution designed either in collaboration for an existing customer or market. Judges will look for entries that display innovative – design and thinking, technology and/or material use; benefit to consumers; functional and/or convenient elements. They will also take into account design and cost elements between standard packaging and premium/promotional packaging.

The award is designed to recognise Labelling and Decoration that demonstrates originality and creativity with graphics, decoration, shape and structure and even the introduction of technologies for advanced customer engagement including augmented reality, fingerprinting, QR codes and collaborative apps. How does the design add value to the brand and/or for customer engagement?

Please consider nominating for other relevant categories at the same time for the same innovation within the 2019 PIDA Award Categories. eg: Food, Beverage, Domestic & Household, Health Beauty and Wellness and Sustainable Packaging Design. The Other Award categories will be judged independently and based on specific criteria.
