In April 2020, APCO released *Our Packaging Future*, the roadmap for how Australia will successfully deliver the 2025 National Packaging Targets. Combining data and insights from more than 200 authors and contributors, *Our Packaging Future* maps the three critical outcomes; Packaging designed for circularity, Improved collection and recycling systems, Expanded markets for used packaging. In this session, APCO CEO Brooke Donnelly, will join several representatives from the Collective Action Group – the senior advisory group overseeing the strategic direction of the 2025 Targets, to explore how the 2025 Targets are progressing. The session will also explore the new monitoring program, which maps the critical success factors, milestones and key performance indicators that are in place to ensure Australia is on track to deliver the 2025 Targets.
