2024 Indonesian Packaging Forum

DAY 1: THURSDAY 5 SEPTEMBER 2024

COORDINATED BY

AUSTRALASIAN INSTITUTE OF PACKAGING

informamarkets

INDONESIAN PACKAGING FEDERATION

WORLD PACKAGING ORGANISATION

SUPPORTED BY

TIME: 10.00 am to 11.00 am

SESSION 1: Global, Asian & Indonesia Sustainability Perspectives

Nerida Kelton FAIP
Vice President - Sustainability & Save Food
World Packaging Organisation (WPO)

LTC Joseph Ross Jocson
President
Asian Packaging Federation (APF)

Henky Wibawa
Executive Director
Indonesian Packaging Federation

This session will provide Global & Local Perspectives on what Sustainability really looks like for the packaging industry. The discussions will include Extended Producer Responsibility, eco-modulation and better understanding about what is happening across the globe within recycling and reprocessing. In addition the session will showcase global Sustainable Packaging design guidelines and standards to follow within your business to be recycle ready and offer the lowest environmental impact.

TIME: 11.00 am to 12.00 noon

SESSION 2: Indonesia's Waste, Pollution & Packaging Initiatives & Programs

Rocky Pairunan
NPAP Manager/Ocean & Plastic Waste Manager
WRI Indonesia

Fajar AD Budiyo
Secretary General
INAPlas

Reza Andreanto
General Manager
Indonesian Packaging Recovery Organisation (IPRO)

This session will discuss collection of used packaging and recycled claims, landfill dumping sites, what is happening to reduce them in the country and what strategies and programs are in place to look at the challenges of plastics and packaging waste. This session will also discuss social and environmental standards following international best practices towards a circular economy in Indonesia.

12.00 noon to 1.00 pm

LUNCH BREAK

TIME: 1.00 pm to 2.15 pm

SESSION 3: Developing an Indonesian Circular Economy for Plastics

Richard Smith FAIP
Director of Sustainability
Amcor Flexibles Asia Pacific

Justin Ng
Sustainability Manager
Food Industry Asia

Aditya Rachman
Program Manager
Deltterra

Andi Manggala Putra
Chief Financial Officer of KIBUMI
Consultant for EPR & SWM

This session will discuss circularity in plastics and its importance in the context of Indonesia, and current challenges in the plastic waste management system in Indonesia and potential strategies for improving recycling rates. The speakers will present innovative technologies and practices that can enhance the circularity of plastics, including examples from other countries that could be adapted to Indonesia.

TIME: 2.30 pm to 3.30 pm

SESSION 4: Waste to Value, Recycling and Reprocessing Programs in Indonesia

Budi Sadiman

Director Business Development & Partnerships
INApas

Eki Setijadi

Chief Operating Officer
Jangjo

Ovy Sabrina

Co-Founder & Chief Operating Officer
Rebricks Indonesia

This session will not only discuss Waste Management & Waste to Value, but also mechanical and chemical recycling facilities, but also how you take problematic, difficult to recycle low value materials and create value. Jangjo and Rebricks Indonesia are both striving to find solutions to collect and reprocess contaminated sachets, pouches, multi-layered plastics and transform them into high valuable products such as bricks, pavers, building materials and more. Solutions like these will significantly reduce landfill waste, minimise environmental impact, and promote sustainability through innovative technology.

TIME: 3.30 pm to 4.30 pm

SESSION 5: Sustainability through Innovative Technologies & Materials

Michelle Yu

APAC Sustainability Manager
UPM Raflatac

Jayant R. Kadu

Manager (Marketing) Functional Materials Division
Mitsui Chemicals

Rizal Leonardo Simatupang AAIP

Senior Technical Support
PT Indopoly Swakarsa Industry Tbk

Nopparat Chaisorn

Technical Leader - Nylon Technical (Extrusion)
UBE Technical Center (Asia)

This session will discuss Advancements in materials and technologies to enhance your packaging and how to meet waste and packaging targets through your Sustainability Targets and Strategies. These speakers will show you what materials and packaging looks like through the lens of recyclability and sustainability.
