(Melway ref 61 D3)

FRIDAY THE 23RD OF OCTOBER

Self-adhesive labels are often misunderstood as they don't just stick by themselves! Learn about the many different types of label adhesives from food grade or repositionable adhesives, designed to easily correct automatic labelling errors - through to - ultra-strong industrial strength products designed to stick to bulk storage pallets or right through many aspects of a products lifecycle, and everything in between!

Lance Barlow
Industry Manager - Adhesives, Fibre Bonding and Construction Polymers
BASF

PSA LABEL INNOVATIONS AND TECHNOLOGIES

As PSA labels become more widely used the demands on the adhesive have increased. Lance's presentation will cover some of the chemistry involved in meeting the challenges of PSA label usage and some of the newer technology in PSA's.

Dr Carol Lawrence Phd, FAIP
Sustainability & Technical Service Specialist
UPM Raflatac Oceania

INSIGHT IN TO PRESSURE SENSITIVE ADHESIVES FOR NOVEL SELF-ADHESIVE LABELS

Dr Carol Lawrence's presentation will give attendees basic adhesive knowledge and the contacts to acquire more in-depth information should a specific label adhesive problem present itself in the future. The presentation is also suitably technical to engage more experienced scientists in an area which they may not be familiar. Learning outcomes include: adhesive compositions, their manufacturing methods and combining their properties to solve operational industrial requirements across a broad spectrum of businesses.

Richard Lau
Narrow Web Business Manager
DIC Australia

BRAND PROTECTION AND EVOLVING FOOD SAFETY COMPLIANCE IN FLEXIBLE PACKAGING.

Richard's presentation will discuss new innovations in special effects and barrier coatings. He will also provide information on the latest global food packaging compliance issues in regards to ink technology and attendees will discover evolving trends in brand protection technology.

WHO SHOULD ATTEND?

- Packaging technologists who wish to gain an understanding of innovative labelling.
- Technical Mangers seeking to expand their experience of different coating technologies.
- Production Managers who encounter labels throughout their processes.
- Designers who's products will ultimately need a label.
- Marketing Professionals using labels as part of a product strategy.
- Supply Chain and Sourcing Specialists involved in product decoration or logistics.
- Students or those new to industry to expand their horizons.

*CPE points are used to maintain your Certified Packaging Professional (CPP) credential.
