

# MEMBERS ONLY VIRTUAL TOUR

AUSTRALIAN INSTITUTE  
OF PACKAGING

You are invited to join the AIP on a virtual tour of the Replas manufacturing and fabrication facilities

## WHAT:

The Replas Virtual Tour will take a look at the manufacturing and fabrication facilities of Replas and will explain the importance of The Pull Through Effect, implementing a Circular Economy, and why the TRACE Program is the next step for brand owners to take action against soft plastic waste.

With plastic use on the rise, we need to create a sustainable community that reduces, re-uses and recycles plastics. At Replas, they see waste as a valuable resource, and are part of making this world more sustainable. What is the environmental cost in not being involved in the circular economy? By re-thinking your selection and procurement to recycled plastic products, you become the true recycler. Everyone touches plastic and we all must be more accountable and responsible if we are to drive demand for recycled plastic products.

## WHEN:

Wednesday 14 July

## MEET THE REPLAS TEAM:
