zipform
PACKAGING

AUSTRALIAN INSTITUTE
OF PACKAGING

You are invited to join the AIP on a virtual tour of Zipform Packaging

WHAT:

Zipform Packaging is an innovative sustainable packaging company specialising in the utilisation of the latest material and manufacturing technologies to increase the use of fibre as a functional packaging material.

Join us as they take you through Zipform Packaging's state-of-the-art, BRC Grade AA accredited manufacturing site in Perth Australia which is dedicated to the manufacture of rigid composite packaging for food and non-food markets. With the region's only linear formed composite pack manufacturing line, Zipform Packaging's composite packs utilise >90% paperboard content with a paper base and a wall structure incorporating an integrated printed layer. This delivers both the functional and aesthetic benefits of composite materials with multiple printing options available to promote the customer's brand.

This virtual tour, for AIP Members only, will take you through the facilities and the Zipform Packaging team will be available to answer questions during the tour.
