

# MEMBERS ONLY VIRTUAL TOUR

26  
October  
2022

## Oji Fibre Solutions

You are invited to join the AIP on a virtual tour of Oji Fibre Solutions

### WHAT:

**Oji Fibre Solutions (OjiFS) is one of Australasia's leading producers of market pulp, paper and fibre-based packaging, with aligned logistics and paper recycling services in New Zealand, which closes the loop on its value chain and makes it a key contributor to the circular bio-economy.**

OjiFS creates shared value by harnessing the strength of sustainably managed New Zealand grown radiata pine, to produce quality products that are used every day in households and businesses across Australasia, and in 30+ countries around the world.

Proudly part of the global Oji Group - the fifth largest pulp and paper conglomerate in the world, OjiFS has the stability, strength, and support to grow in the Australasian region.

During this virtual tour, AIP Members will learn more about Oji Fibre Solutions, how its ten packaging plants and six distribution centres across Australasia support primary industries, and witness how corrugated packaging is manufactured at its 5-star green-rated facility in Yatala.

### WHEN:

**Wednesday 26 October 2022**
