2023 GLOBAL PACKAGING FORUM @PROPAK ASIA

WEDNESDAY 14 JUNE 2023

TIME: 10.30 am to 11.45 am

SESSION 1: Global & Regional Sustainability Perspectives

Prof Pierre Pienaar FAIP, CPP
President
World Packaging Organisation (WPO)

Nerida Kelton FAIP
Vice President - Sustainability & Save Food
World Packaging Organisation (WPO)

Asst. Prof. Dr. Jeeranuch Buddeejeen
Sukhothai Thammathirat Open University

Riccardo Cavanna
Chairman and Lead Strategist
Cavanna SpA

This session will cover the global and regional perspectives into sustainability and circular design showcasing initiatives, programs, regulations and roadmaps from various corners of the globe.

TIME: 11.45 am to 12.30 pm

SESSION 2: Consumer Insights & Communication Tools

Ratanasiri Tilokskulchai
Managing Director
Tetra Pak Thailand

Andrew Manly
Communications Director
Active & Intelligent Packaging Industry Association (AIPIA)

This session will be discussing consumer insights and implications and how the barcode has evolved into dynamic data point for authentication, provenance, tracking, trace, consumer communication and more.

TIME: 12.30 pm to 1.30 pm

SESSION 3: The future of soft & rigid plastics

Alan Adams MAIP
Sustainability Director APAC
Sealed Air

Warwick Armstrong MAIP
General Manager Business Development & Marketing - Kuraray
Plantic Technologies

Watid Watanyupaisan
Applications Development Engineer
NatureWorks Asia Pacific

Darell Chung MAIP, CPP
Sustainable Packaging Manager - South Asia, Downstream
Milliken Asia

This session will take a deep dive in to current and future design, materials and packaging developments in soft and rigid plastics. A balanced discussion between meeting packaging targets vs food waste targets are a critical part of developing fit for purpose packaging that is functional and recyclable. Hear from award-winning experts in this field.

1.30 pm to 2.00 pm

LUNCH BREAK

#2023GPF #2023GLOBALPACKAGINGFORUM • BOOK YOUR PLACE TODAY •

2023 GLOBAL PACKAGING FORUM @PROPAK ASIA

WEDNESDAY 14 JUNE 2023

TIME: 2.00 pm to 3.00 pm

SESSION 4: The Future of Mono Material Recyclable Soft Plastics

Joe Foster FAIP
Chief Executive Officer
Close the Loop Group

Pornchai Egpongphisit
Vice President - Flexible Packaging Platform
PTT Global Chemical Group

Chris Cester MAIP
Packaging Specialist
Flavour Makers

Yuki Saito
Business Development Department - Global Packaging Subdivision
Toppan Inc

The soft plastics and flexible industry is working on developing more and more mono material recyclable solutions that can be picked up, captured, recycled or reprocessed. This session will discuss the future of soft plastics and showcase an award-winning recyclable mono material retort pouch that is a best practice example of what the future can look like.

TIME: 3.00 pm to 4.00 pm

SESSION 5: Insights & Trends into Packaging & Processing Machinery

Tom Egan
Vice President, Industry Services
PMMI

Gian Paolo Crasta
Executive Director
UCIMA

Michael Alaoui
Business Development Manager
Contech

The packaging and processing machinery industry is a critical piece of the jigsaw puzzle and this session will discuss the latest trends, data, innovations and insights into what the future looks like for packaging machinery, automation and processing equipment.

TIME: 4.00 pm to 5.00 pm

SESSION 6: Recycling, Reprocessing & Closed Loop Collection

Murray Hyde
Chief Commercial Officer, Co-Founder & Asia Lead
The Plastics Circle

Patinya Silsupadol
Head of Sustainability
Tetra Pak Thailand

Jet Chang
Vice President - Public Affairs (China)
Tomra

Metta Visessombat
Founder & CEO
Sepco Industries

This session will cover closed loop collection programs, container deposit schemes, innovative software solutions for collection and capturing of valuable materials for reprocessing and recycling and advanced recycling opportunities in the region.
