

# AIP & EMPAUER WEBINAR: LCA DECISION PACKAGE NOW AVAILABLE FOR SMES

## MEASURE PACKAGING CIRCULARITY THROUGH LCA - WEDNESDAY 6 MARCH 2024

### WHAT:

The Australian Institute of Packaging (AIP) is pleased to advise that we have joined forces with Empauer, a leader in sustainability software solutions, to offer an **LCA Decision Package for SMEs**.

This program will provide affordable and customised Life Cycle Assessments for SMEs to ensure they are making science-based decisions when selecting packaging materials.

**Join our upcoming webinar** for a comprehensive introduction to the **LCA Decision Package for SMEs**. We will delve into its functionality, ways to actively participate, and most importantly, how it can bring substantial benefits to your packaging designs.

**The LCA Decision Package for SMEs Webinar** will provide you with the following insights:

- **Stay Compliant:** With the Federal Government announcing that there will be mandatory packaging design standards coming in the not-too-distant-future, the launch of this program will enable all sized businesses to make the right decisions to measure their packaging circularity through LCA.
- **Seize LCA Program Opportunities:** Learn how being a part of this initiative can benefit your organisation, from cost savings to reduced environmental impacts. Understand how you can take advantage of this program to drive sustainability and profitability.
- **Expert Insights:** Hear from Catherine Rae, an expert from Empauer, who will provide valuable insights into the environmental footprint of packaging materials. Catherine's expertise will give you a practical understanding of the essential elements of an LCA, and the data required for conducting a successful LCA assessment.

### WHEN:

**Join the AIP and Empauer on Wednesday the 6th of March at 10.00 am AEDT when the program will be officially unveiled.**

### TIME:

10.00 am to 11:00 am AEDT

### WHERE:

On-Line Via Zoom

### COST:

FREE to AIP Members, Friends & Industry Colleagues
